## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

This Institution is a constituent college of Magadh University. This College follows a pre- determined syllabus set by the parent University. Periodical innovations are made within these established academic structures, committed to providing complete development for its students in all respect.

Timetables, workloads and other supporting administrative tasks are prepared well in advance of teaching session and streamlined for Academic processes. At the end of each academic session, Departmental reports are collected, documenting the academic and extracurricular work undertaken by each departments in that year which enables a systematic compilation of response. Extensive support is being provided to our teachers regularly to update their knowledge and continuous growth, through active involvement in Research and Faculty Development Programmes. Technologically enabled infrastructure is ensured for everyone, with special assistance for the students with

incapability, which makes it possible for all our students to engage in an appropriate teaching-learning process. This College prioritizes the incorporation of academic and mental health of our students through the mentor-ward system where each student is assigned a faculty mentor for academic and extra-academic guidance. Academic and other discussions are individualized by creating smaller groups of students. Through focused interactions and guidance offered by the teachers, students are able to have their academic and other issues suitably addressed, thus complementing the pursuit of effective curriculum transaction for a strong tutorial and mentor-ward system. Feedback forms are provided through our college website so as to enable the concerned stakeholders to confidentially give the college their evaluations and suggestions for the improvement of college functioning. Incorporation of all these suggestions is ensured in the functioning of the college. The endeavor of this college has always been to raise the consciousness about gender-based inequalities, negligence of environmental concerns and lack of ethics which subsequently allow them to contribute to the society as responsible human beings.

#### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Being a constituent college of Magadh University, this College follows the Academic Calendar issued by the University at the beginning of the academic year. It clearly explains a schedule for teaching, examination, semester break and vacations, which is strictly followed by the college to ensure smooth and efficient functioning of its teaching and administrative processes.

Within the same framework, the college also prepares its own calendar of events and activities before the commencement of the Academic Session and the same is communicated to all. For transparency of functioning, both the University and the college academic calendars are placed on the college website. All the aforementioned information is reinforced during the collegiate and departmental orientation of new students at the beginning of academic session.

Periodical meetings are conducted by the Principal with the Teacher-in-charge(s), faculty from individual Departments, and entire Staff including non-teaching to ensure smooth implementation of the activities as scheduled. Students' representations are also ensured during the meetings, where applicable.

For the purpose of conducting Continuous Evaluation, teachers prepare their schedule of teaching, class tests and assignments in accordance with their allotted time table keeping the academic calendar and planned co-curricular activities of the college in mind. The students are informed well in advance about the deadline for assignment submissions, dates for class tests and presentations. They are encouraged to seek guidance from teachers during the designated tutorial slots or the latter's free time. The mentor-ward periods are created specially to supplement this kind of academic framework with the extra-academic support that the students might require.

Multiple assessments are taken, with the aim of allowing the students to incorporate suggestions offered by the teacher, thereby making learning a continuum and creating various opportunities for the students to succeed. The institution's approach is reoriented to suit the learner's pace, ensuring the mitigation of any pressure on the students.

So as to enable our students to enthusiastically contribute and excel in diverse arenas, equal importance is given to provide a space for collegiate events like, Sports Day, Arts Day, Cultural Day etc., as the qualitative impact of an inclusive and balanced education allows for all-round development of the students.

Everything in the institution is geared towards providing transformative education in a structured manner to our students, with accessibility, comprehensibility, and transparency.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The assessment of the learning levels of the students is done by the teachers in the classrooms during lectures and through conducting class tests, assignments, tutorials, etc; on the basis of which slow and advanced learners are identified. Specific teaching-learning methodologies oriented to the needs of such students are then discussed and implemented. An integrated approach is followed in the classes by our faculty. Traditional teaching methods are aided by new age technological methods to make learning more engaging and relatable.

**Slow Learners:** Additional tutorials and remedial classes are conducted to give special coaching in areas where they need support. Additional reading material and books in simple form is made available to increase their understanding of the subject. ### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The Vision and Mission of the College are reviewed and redefined in view of changing national and global trends in education. Goals are set to attain the objectives enshrined in national policy for higher education. The institution's Vision and Mission reflect the

distinctive characteristics of the institution. The College caters to the educational, social, cultural and economic needs of the society. All these characteristics are reflected in its policies. High quality educational programmes and healthy practices are being implemented keeping in mind the policy of uncompromising adherence to the values and principles of inclusion, responsibility and social accountability.

The Principal forms various committees under the convenorship of a teacher or a non-teaching staff with members from teaching staff, non-teaching staff and students for overall management of the various operations of the college, such as, admission, academic coordination, conduct of examinations, promotion of research and extension activities, development of infrastructure-facilities, appointment of staff, maintenance of service records, encouraging cultural activities, implementation of healthy practices in the campus and inculcation of the spirit of national integrity and social responsibility.

The Principal is ably supported by the Teachers-in-Charge who help in executing the strategic and perspective plans through their department members. 6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The College follows the practice of decentralisation in its true sense, in all the three important pillars of the institution, viz. academics, administration and extra curricular activities. The practice of decentralisation and participatory management is reflected in all the activities of the College through a strong and efficient Organogram of Committees/Societies which includes the IQAC, the Staff Council, Student Council and various Cultural Societies. All the major stakeholders of the College including the Principal, Teaching and Non-Teaching Staff, Parents and Students work in a democratic way of governance following the tacit rules of accountability in execution of their duties and

responsibilities. The primary objective of decentralisation with regard to this particular cultural event is to reorient organisational culture, thin out the official hierarchy, extend opportunities for teachers as well as students to contribute profoundly, enrich the decision-making process, and nurture greater democratic professionalism, together with proficient event management. Decentralisation of administration in Montage refers primarily to a process, in which students are given a free hand to take decisions about the judicious use of resources, financial management, execution of programmes, security arrangements, and so on. This sort of decentralisation allows the students to be more responsible, responsive, sensitive and proactive to exercise their own discretion for planning and execution in a participatory and democratic environment.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

#### Teacher's Self Appraisal

The College requires that the teachers furnish a self-evaluation form every year, available on the College website. This provides

an insight into one's own assessment of effectiveness of the teaching style and its impact on the students. It highlights how the teacher handles different situations that affect the learning progress of the students. It also makes known the involvement of the teacher in both academic and administrative activities.

The performance appraisal is used for Career Advancement of the teachers who are updated about their performance at each level. If there is a scope for improvement on the part of the teacher, they are advised to upgrade themselves. This is crucial for later promotions as per the norms. The whole system is carried out in a confidential manner. The respective teacher is informed about the same and suggestions given.

#### Non-Teaching Appraisal

Each employee submits the Annual Performance Appraisal Report (APAR) which is Certified by the respective Reporting Officer of the employee and further certified by Reviewing Officer. Both Reviewing and Reporting Officers accord points to the concerned employee after a careful insight into the self-appraisal report filled. A constructive feedback is given to the employee so that they can further enhance their performance level and efficiency.

#### Teacher's Evaluation by Students

Students are given the opportunity to provide their feedback of the teachers.

As per the procedures outlined by the IQAC, the feedback forms are available online on college website and the Teacher-in-Charge (TIC) ensures that the students of the department fill the feedback questionnaire. The questionnaire is structured to elicit responses for parameters like communication skills, subject knowledge, discipline, workethics, curriculum to provide effective mentoring and career guidance to students and grade the teacher's ability in creating an interactive, discussion-oriented and democratic classroom. These forms are then evaluated by the Principal of the institution with the help of IQAC who analyses all the reports and meets with teachers with constructive feedback and corrective measures.

**Internal Audit:** Internal audit is a continuous process which ensues after each and every financial transaction, whereby the college itself carries out the initial stage of the internal audit. In the initial stage, the officer in-charge scrutinizes and verifies the financial data. This is again scrutinized by the Administrative Officer and the Principal for clarity, authenticity, transparency and financial accuracy. Income/Expenditure is closely monitored by the Bursar and the Principal. Proper procedure for purchases is adopted. Quotations are called for and prices are compared. The Institution has formed a Purchase Committee for the purpose. The audit wing of the UGC visits the college periodically and inspects all the files pertaining to the financial matters that the college has availed of and all the receipts and payments in the college. They, in turn, submit the audit report to the college authorities. Corrections are effected on the basis of the audit report and clarifications called by them are submitted as an audit reply.

For the grants received from the UGC, utilization certificates are prepared according to the allowed expenditure under various heads. The Utilisation Grant Certificates are annually submitted to UGC.

The external audit takes place annually after the completion of every financial year. The Chartered Accountant, who works as an auditor is appointed by the College. The bills and vouchers of the revenue expenditure are checked. The vouchers and proper record with the concerned Department of the capital expenditure is also checked and verified. The Utilisation Grant Certificates are audited by the external auditor. The audit objections/compliance, if any, is handled by the Accounts Department.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The College has a rich culture of institutional functioning through participation among all stakeholders especially faculty, students and the non-teaching staff. The IQAC plays an important role in ensuring quality of the functioning of administrative and academic units of the college. Some of the initiatives of IQAC are appended below:

IQAC conducts FDP to bring the knowledge of the teachers at par with the latest developments in their respective disciplines. IQAC organizes ICT workshops to enable teachers to intersperse technology in curriculum to make the art of classroom pedagogy more relevant and interesting for students. IQAC takes care of the needs of the administrative staff to improve their work atmosphere, both at the professional and emotional fronts. The IQAC proposes a number of best practices in various aspects of functioning of the administrative branch. IQAC believes in establishing a democratic pattern of administration. The Management along with the Principal ensures that equal opportunities are given to staff members who are best suited for a particular department and also, they are provided with opportunities to hone their skills.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

It has been one of the primary concerns of IQAC to adopt practices, which will provide quality education to the students

through an effective and meaningful teaching learning process. This plays an instrumental role in enhancing the quality of the academic and cocurricular endeavours of the College in keeping with its vision and mission. IQAC achieves this through mainly two practices, viz.,

1. Conducting Academic Audits annually wherein departments are made to do a SWOC Analysis of their performance based on results, research projects, effective curriculum implementation and use of ICT-related pedagogical methodologies. Based on the audit, the IQAC gives constructive feedback to the Departments suggesting measures for internal quality enhancement. It makes recommendations for the Departments to do self-evaluation and to set higher goals to meet new challenges. 2. Collecting feedback from stakeholders like students, parents, staff and alumni to facilitate teaching-learning reforms. This helps in obtaining an unbiased and honest opinion about the institutional performance especially in academics. Student feedback of teachers is conducted regularly. A careful analysis of the feedback received is done and communicated to the teachers to enable them to enhance their teaching skills and their relationship with the students.

Based on the information received due to implementation of the above two practices, IQAC, post accreditation, has been able to develop a system for conscious, consistent and catalytic action to bring about reforms in teaching-learning process, structure, methodologies and learning outcomes.

Departments are encouraged to organize Conferences and Seminars on themes relevant to the educational needs and futuristic growth of the students.

Effective Use of ICT in Teaching and Learning; Teachers are encouraged to use ICT tools to prepare and deliver their lectures through audios, videos and PPTs.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Best Practice: 1 Title of the Practice: SPORTS-Believe It , Achieve It Objectives of the Practice: 1. To identify talented students throughout the state of Bihar and provide them with admission in the college. 2. To provide them with a congenial**

atmosphere in the hostel so as to enable them to concentrate on their sports training. 3. To hone the skills of the sports students through excellent coaches. 4. To mould and perfect the talents of the selected sports students so as to make them globally competent. 5. Providing the selected sports students with training in additional life skills for the all-round development of the individual. 6. To secure optimum employment for these students through achievements in field and track events.

**The Context:** The college is in a rural locality and it is very difficult for the students to develop their sports skills. The mission of the college is to empower students both academically and physically and the institution strives to keep this up. The college has played a great role in producing many sportsmen at various levels. The unique feature of the hostel is that it is situated inside the campus facilitating easy access to the sports ground and the academic blocks. As a result of excellent performance in sports, the students have been suitably placed at various Central Government and State Government offices, PSUs etc.

**The Practice:** The Institution follows a systematic process in grooming students with sports skills. They are: • Identifying sports personnel • Providing proper training. • Segregation of students as per their potential. • Providing hostel facilities. • Honing their skills through rigorous coaching. • Making them job-competent by providing them with job-oriented training and life-skill training. Such a system is rigorously followed which is in line with the mission and Vision of the College.

**Evidence of Success:** Many students who have brought laurels to the nation and the state in particular are the testimony to the success of this initiative.

Best Practice - 2

**The Title of the Practice-** Solid Waste Management

**Goal :** This practice aims to create awareness among general public on the importance of effective solid waste management through promoting private sector participation and encouraging reuse of nonbiodegradable wastes.

**The Context :** Waste Management is widely discussed in the present day. There are several issues related to in effective management of solid wastes. Keeping this mind an effort was taken create an awareness on the issue to prevent adverse impacts on man and other

living organisms. Students and staff collected the plastics and other e-wastes from the college campus and houses and handed over it to various agencies for recycling. Training was given to produce decors and other articles of use from discarded plastics.

**Evidence of Success :** The school management and the teachers have reported they have advised the student community to deposit their food waste into the bio-bins and waste food management was thus effectively carried out in especially those schools where space is a limiting factor. The plastic and e-wastes that are quite difficult to be managed were collected and distributed to agencies that deal with e-waste management. The skill enhancement course on plastic reuse has enabled the student community to make beautiful products out of worn out plastics thus promoting plastic recycling.

**Problems Encountered and Resources required :** Though a major share of people were interested in effective solid waste management, there are some who neglect the aftermath of inefficient management practices. Hence, creating awareness to those people was a challenge. The residents of apartments were confused as to how the compost can be used as they have no space to carry out organic farming. Though the initiative is a just a beginning, it can bring in remarkable changes especially in an urban locality. An educational institution with a large number of students can play a significant role in preventing unethical waste disposal strategies.
